

STRUCTURAL ENGINEERS' WORLD CONGRESS 2007

*The Third International Congress dedicated to the
"art, science and practice of Structural Engineering"*

4-9 NOVEMBER 2007 at the HOTEL GRAND ASHOK, BANGALORE, INDIA

The first Congress was held in San Francisco from July 19-23, 1998, while the Second Congress SEWC 2002 was held in Yokohama, Japan from October 9-12, 2002.

CONGRESS VENUE

SEWC-2007 will be held in bustling, cosmopolitan Bangalore, the now world-famous IT-capital of India. Bangalore is blessed with a congenial climate, sylvan surroundings and a friendly populace. Bangalore enjoys a strategic geographical location and is excellently connected by air, rail, and road to all major cities in India and several destinations overseas.

WHO SHOULD PARTICIPATE

The Congress will deliberate on a wide spectrum of issues involved with structural engineering in the global scenario. It will be of interest to engineers, consultants, architects, project managers, academicians, students, R&D institutions, government departments and agencies; and everyone connected to, or dealing with the building and construction industry.

EXHIBITION

An exhibition featuring Indian and International exhibitors displaying products, services, equipment and technologies relating to the main themes of the Congress will be organized at the venue. Details of the Exhibition are available on the SEWC Website: www.sewc2007.org.

CALL FOR PAPERS

Papers are invited for presentation at the Congress and for publication in the Congress proceedings, which will be distributed on a compact disc. Authors are requested first to send an abstract of their proposed papers for acceptance. The full paper must be sent only after acceptance of the abstract has been received by the author(s).
